

\$3,000,000 BUILDING WITH 302 APARTMENTS PLANNED IN MAKEFIELD

Jury Deliberates In Trial Of Lydia Dean

FRANKLIN, Pa. (UP)—A jury began deliberations today on whether M. J. Lydia Dean, tiny Filipino mother, should go to prison for the slaying of her Air Force husband.

The case went to the jury of seven men and five women at 10:53 a.m., e.s.t., following a charge by Judge Lee A. McCracken.

The 8-day trial has attracted international attention and a great measure of sympathy here for the 22-year-old defendant.

Mrs. Dean was charged with the rifle death of T. Sgt. Ronald Dean, 29, last Dec. 7 after he had demanded a divorce to marry a British woman expecting his child. The attractive defendant claimed the shooting was accidental.

Judge McCracken began reviewing the evidence at 9:32 a.m. He told the jurors they could return one of four possible verdicts—murder in the first degree, murder in the second degree, voluntary manslaughter, or acquittal.

Defines "Reasonable Doubt"
He defined the elements of each verdict and told the jury the meaning of "reasonable doubt."

"It is one that arises in your head—not your heart," he said. "It is the duty of the jury to give the defendant the benefit of any reasonable doubt."

The judge said the burden of conviction rested with the Commonwealth and that the defendant must be presumed innocent unless her guilt were established.

"If evidence lends itself to two interpretations—one indicating the guilt of the defendant and the other the innocence—it is the duty

Good Evening!

Bigger and better satellites coming.

Army getting ready to shoot a 700-pound moon before the end of the year as little Explorer does everything expected of it and more. Apparently we're on the way.

Wish we could get on the way with a few days of pleasant, mild weather with no snow, no blustery winds, no cold, no nothing.

Long, long, long winter.

Yet, you notice that the seed catalogues are beginning to arrive? And baby chicks soon to be peeping all over the post-offices?

Six more weeks and the dandelions will be showing like crazy.

White House terms Bulgarian's latest Summit conference bid a rehash of the same old Red line.

And the White House is right. One of the troubles we've got too many timid people around beginning to actually believe these Kremlin characters really want to work for peace.

And Lower Bucks Democrats seeking some voice in the leadership that selects candidates.

That makes sense. Why a virtually handicapped "executive committee" should handicap the candidates people elect to office makes no sense.

Indiana woman, asking divorce, said her husband paid more attention to TV than he did to her. Maybe because he couldn't turn her off.

Good hard work is the only way you can make the best of what you have in mind.

Watch your driving.

Talks Start In Strike

Company and union representatives of Barker and Williamson, Inc., were called together by Federal Mediator William Rose today in an effort to settle the 19-day-old strike at the Bristol plant.

They met in Rose's office in Philadelphia. The mediator said, before the two parties convened, that neither had indicated any change in the differences that prevented signing of a new contract.

The 250 striking workers are members of Local 165, AFL-CIO Electrical, Radio and Machine Workers of America. They are seeking plant-wide seniority in the new contract. The company has insisted on retaining job classification seniority.

And the White House is right. One of the troubles we've got too many timid people around beginning to actually believe these Kremlin characters really want to work for peace.

And Lower Bucks Democrats seeking some voice in the leadership that selects candidates.

That makes sense. Why a virtually handicapped "executive committee" should handicap the candidates people elect to office makes no sense.

Indiana woman, asking divorce, said her husband paid more attention to TV than he did to her. Maybe because he couldn't turn her off.

Good hard work is the only way you can make the best of what you have in mind.

Watch your driving.

By ROBERT REINHARDT
Courier-Times Staff Writer

If the state goes ahead with its plan to rebuild New Hope's Main St., the nationally famous Bucks County Playhouse may be forced to close, a group of protesting businessmen and homeowners was told last night.

The statement was made by John J. Crowley, general manager of the Playhouse, who said the directors of the summer theater are already looking over another site. Some 100 people attended the meeting in the New

Hope-Solebury High School gymnasium and heard the reading of a protest petition.

Presiding was John F. Meyers, who operates a restaurant on picturesque Mechanic St. Meyers gave a re-reading of the petition, which maintains that the road project would destroy the natural and antique beauty of New Hope and with it the attraction of the town as a tourist center.

Copies Mailed
Three copies of the petitions are being mailed today to the State Highway Department in Harrisburg. A state official on

Thursday will conduct a hearing on the protests, at the school.

Meyers said the petitions are signed by 350 property owners and residents. He said the state did not reveal the extent of the project until a few weeks ago.

The state plans to repave Main St. through the borough, a distance of 1.7 miles. At the south end of town the bridge across the Delaware Canal would be replaced, with the canal filled in and its waters diverted through a culvert. The job also includes safety measures for the "death corner," south of town

where steep Windy Bush Road meets the River Road.

Before convening the protest meeting, Meyers read a petition to 24 members of the New Hope Community Association, at a meeting of their own in the school. They signed unanimously, he said.

Ask Study
The petitions ask a restudy of the state highway plans. They state five objections: that it would be a waste of money; destruction of the natural beauty of the town; a safety hazard, by en-

Union Backs Public Works To Give Jobs

A three-man committee of Local 4389, United Steelworkers, of the Fairless Plant, will urge institution of a public works program to combat unemployment when it meets with Falls Township Supervisors tomorrow night.

The committee, headed by Milt Konski, treasurer of the union local, will meet with Bristol Township, Tullytown, and Morrisville officials at later dates.

Konski said the committee will recommend the four townships and boroughs embark on "massive highway improvement" programs and other projects to provide jobs for unemployed workers.

Other Projects

Other projects, he said, might include immediate construction of new municipal buildings. He stated that more than 1,000 workers have been laid off at the Fairless Works. Of these, about 675 live in Falls or Bristol Townships, Morrisville, or Tullytown.

"We feel the local governments should start work immediately on all projects they have been planning," Konski said. He said the road situation is "terrible" and the government "should float a bond issue, if necessary, to bring the roads up to modern standards at once."

On Committee

Konski's committee includes Edward Esposito, recording secretary of the local, and Russell W. Thompson, vice president.

The unit will also ask the four municipalities to get together and request the county, state, and federal governments start any projects they have been planning.

"If we have to borrow money to get these things done, we should do so. The governments have been trying to solve the problems on a piecemeal basis and never seem to catch up."

The End Of Retirement

LOS ANGELES UP — Mrs. Joan Irvine Penniman, 24, reported to be one of the richest women in the world, has divorced her young husband who her stepfather said "acted like a retired gentleman at 27."

The heiress, complained Monday her husband, Russell Penniman, "acted like a retired gentleman at 27. He was always in bed."

Mrs. Penniman, who inherited 125 million dollars from her grandfather, James Irvine, was awarded \$100 monthly support payments for her 5-month-old son.

She and Penniman were wed Oct. 22, 1956, and separated last Nov. 24.

Federal Judge Thurmond Clarke, her stepfather, testified Penniman "acted like a retired gentleman at 27. He was always in bed."

Treatment Center Dedicated

The Bucks County Treatment Center of the Philadelphia Society for Crippled Children and Adults at 89 Kentucky Lane, Kenwood, Levittown, was officially dedicated yesterday. Participating in the ceremonies were (from left) Marty Klingele, first vice president

Levittown Lions Club; Bob Goldsmith, past president, Levittown Junior Chamber of Commerce; Dr. Rufus W. Miller, Newtown Rotary; and Mrs. Robert W. Shedd, volunteer for Bucks chapter of the society. (Courier-Times Photo).

Welsh Gives Reply On Open Primary

John T. Welsh, Democratic chairman of the Bucks County Board of Commissioners, said this morning, "If the Lower Bucks Democrats have any candidates we would be glad to consider them."

A petition signed by 51 Lower Bucks Democrats was sent to James C. Bowen, Democratic party chairman, calling for a meeting of all committee people to accept candidates for the primary.

In recent years, selection of party candidates has been made by the executive committee.

The Lower Bucks Committee people are requesting a special meeting to avoid what they called "hand picked candidates."

Welsh said the petition by the Lower Bucks group is "premat- ure."

The county commissioner declared, "How do they know we won't call a full meeting?" Bowen has not answered the letter requesting the open meeting.

Croydon Acres Group To Discuss Mortgages
The Croydon Acres Civic Association will discuss increased monthly mortgage payments at its meeting tomorrow to be held 8 p.m. in the Pigeon Club.

Some members said their payments skyrocketed without apparent reason while others stayed the same. The group will discuss possible action to learn why.

Two Youths Face Burglary Charges

Two Philadelphia youths were charged with burglary and larceny by Middletown Township police yesterday and sent to the county jail without bail by Justice of the Peace Frederick A. Holly.

A third youth, charged with burglary at Reedman Motors, Route 1, was released to Philadelphia juvenile authorities.

In Doylestown were Eugene Hagan, 20, and Foster C. Streeter, 19, both of Glenloch St., Philadelphia.

Patrolmen Frank McKenna and Karl Kritzberger reported they saw a parked car near the

motor agency early yesterday morning. Keeping the car under surveillance, they saw a youth drive to the rear of the auto agency and pick up the two other youths.

Questioning
Under questioning they later admitted, police said, attempting to steal tires and wheels in the rear of the agency. Seven tires and wheels and a quantity of hub caps and bumper jacks were found tossed over the fence at the agency.

They said they were frightened off by a watchman at the agency, but had intended to return later to pick up the loot.

Not Guilty Says Mad Dog

LINCOLN, Neb. (UP)—Charles Starkweather, 19, confessed mass killer of 11 persons, and his 14-year-old girl friend, Caril Fugate, have pleaded innocent to murder charges.

Starkweather, a swaggering, boastful outlaw when arrested in Douglas, Wyo., last week, barely mumbled his innocent plea when arraigned Monday.

Caril later pleaded innocent to identical charges. The diminutive teen-ager, standing with her father's arms about her, spoke in a soft, wavering voice.

They were charged with first degree murder with premeditated malice and first degree murder in the perpetration of a robbery in the gun slaying of Robert Jensen, 17, of nearby Bennet, Neb.

The maximum penalty upon conviction would be death in the electric chair.

Starkweather, who appeared (Continued on Page 3, Col. 1)

Ike Discusses Space Agency

WASHINGTON (UP)—President Eisenhower discussed with legislative and scientific advisers today whether to set up a new civilian space agency or keep all missile - satellite development in the military.

The President discussed the question for two hours and 10 minutes with republican legislative leaders and his chief scientific adviser.

PRR Told To Cancel Plans To Cut Service

HARRISBURG (UP)—The Public Utility Commission today ordered the Pennsylvania Railroad to cancel plans for wholesale passenger train service curtailment on Feb. 16, pending public hearings.

The commission ordered delayed sharp service reductions proposed by the railroad in its passenger service between New York, Philadelphia, Pittsburgh and Washington, D.C.

The action came shortly after the commission voted to hold public hearings on proposals by the Lehigh Valley Railroad to reduce passenger train service in the Easton, Bethlehem, Allentown, Hazleton and Wilkes-Barre areas on April 27.

Dates for public hearings in both cases will be set after answers to the orders are received.

A commission spokesman said authority for the orders was based on its jurisdiction over the interstate part of the state-to-state runs. The commission acted in advance of any action by the federal Interstate Commerce Commission and other affected regulatory agencies in New York, New Jersey, Maryland, Delaware and Ohio.

The PUC voted 3-2 to cancel the PRR's schedule change. Chairman Leon Schwartz, Nanti-

Disarmament Plan Rapped

WASHINGTON (UP)—Sen. Hubert H. Humphrey said today the United States must break up its nine-point disarmament package proposal "if we are ever to reach a real and genuine first step agreement with the Soviet Union."

The Minnesota Democrat, chairman of the Senate disarmament subcommittee, said "A policy which is predicated on the willingness of the Soviet Union to turn overnight from a totalitarian dictatorship to a peaceful, cooperative, submissive nation willing to acquiesce in our demands, is doomed to defeat and ridicule."

Humphrey said the administration's "first step" proposal, stressing aerial and ground inspection and suspension of nuclear weapons tests and production, is too broad for Russia to be expected to accept at one time.

Police Attend Safety Talks

Local and state police of Lower Bucks County today attended a highway safety conference in Philadelphia, sponsored by the Keystone Automobile Club.

On the agenda were discussion of school bus problems, bicycle regulations and the work of crossing guards. With Edward P. Curran, Keystone safety director, the officers discussed ways in which their departments can render better service in highway safety, with the schools.

The heads of highway safety of the Pennsylvania and New Jersey State Police addressed the conference, at the Penn Sherwood Hotel. Dinner and an ice hockey game followed.

Not Guilty

(Continued from Page One)

without an attorney, will next be brought to court March 1 for a preliminary hearing. The district court is expected to appoint a defense lawyer for him by then.

Preliminary hearing for Carl was set for March 8.

Starkweather pleaded innocent despite a 213-page confession to his many murders. The plea apparently was advised by his parents as a means of protecting his rights.

Death Notices

FLEMING — Thomas R. Feb. 3, 1958, of 52 Border Rock Rd., Levittown, Pa., formerly of Crofton, Pa. Son of Ann-Jane and James Fleming. Relatives and friends are invited to attend the service on Thursday, Feb. 6, 1958 at 1:30 p.m. from the Menden Funeral Chapel, 133 Otter St., Bristol, Pa. Int. North Cedar Hill Cemetery. Friends may call Wed. evening. Survivors include his parents, Ann-Jane and James Fleming, grandfather, Thomas M. Fleming, grandmother, Mrs. M. Fleming, James of Levittown, Pa., 2 brothers, James of Levittown, and Robert in the U.S. Army in Korea. The Rev. Herman Doh of the Andalusia Baptist Church will officiate.

TOO LATE TO CLASSIFY

LOST — We wish to inform the persons who picked up the black and white pup, at First Ave. in Crofton, on Sunday that we hope they are happy in knowing they have broken a little girl's heart. ST 8-1261.

Gift Of Gloves

Mrs. Francine Smith (left), veterans chairman of the B'nai B'rith chapter of Lower Bucks County, presents 25 pairs of gloves to Mrs. Allan Dick, American Red Cross representative to the hospital council of Lower Bucks County chapter. The gloves will be given to the patients at the Coatesville Veterans Hospital. (Courier-Times Photo).

Teachers College Schedules Courses

Temple University's Teachers College will present seven courses at its Bucks County Graduate Center in the Pennsylvania High School, Yardley, with registration and first class meetings starting next week.

Five of the courses are designed for in-service teachers of the area, and two are for college graduates who wish to receive teaching certification.

The courses for in-service teachers include personnel administration, which will be taught by Dr. Prince E. Woodard, associate professor of educational administration, and will register next Tuesday at 4:30 p.m.

The classes in unit teaching in the elementary school will register at 4:30 p.m., Wednesday, Feb. 12, and will be taught by Dr. Howard E. Blake assistant professor of early childhood and elementary education.

Teaching and supervising the language arts will also be instructed by Dr. Blake, and will register at 7:30 p.m., Wednesday.

United States history will be taught by Dr. Edwin B. Bronner, assistant professor of history, and will register on Wednesday at 4 p.m. A special education course in arts and crafts for the special classroom will register at 4:30 p.m. on Wednesday, and will be instructed by Mrs. Alma Patterson, lecturer in elementary industrial arts.

History Course

Certification courses for college graduates who wish to become teachers include the United States history course instructed by Dr. Bronner. Classes in techniques in audio-visual instruction to be taught by David B. Bernhardt, lecturer in audio-visual education, will register Thursday at 7:30 p.m.

A certification course in modern teaching methods in the secondary schools will register at 8 p.m. on Thursday, with Dr. Samuel D. Wehr, assistant professor of education.

All of the instructors of the courses are regular members of the Temple University faculty. Further information on any of the courses may be secured from John G. Berrier, director, Off-Campus Division, Temple University, Philadelphia 22.

Mrs. Kooker

is chairman of the executive nominations committee, which passes on appointments by the governor and vice chairman of the appropriations committee.

Watson insisted he is not withdrawing from "an active interest in politics of the county. I will always work for sound progress in governmental affairs," he said, "with candidates in whom we can place our trust."

Sen. Watson said he favors Keller as his successor because of his nine years of committee work in the Assembly.

"Mr. Keller is no newcomer," Watson said. "He has lived his entire life in Bucks County and knows its problems. He is 51 years old and in the prime of his life. He has been accorded responsibilities and honors in his home community and in the county. He is honest, hard working, and considerate of the wishes of his constituents."

\$75,000 Bail Set On Narcotics Charge

PHILADELPHIA (UP)—Frank Valle, 41, was held in \$75,000 bail yesterday on charges of being a member of a multimillion dollar narcotics ring smashed by the FBI in a raid in South Jersey last month.

Explorer Info Indicates Man Can Live In Space

Scientists Say Meteors No Hazard

WASHINGTON (UP)—America's Explorer satellite has radioed from the unknown a hopeful indication man can survive a flight through space.

Scientists at the California Institute of Technology Jet Propulsion Laboratory said preliminary information from the first U.S. satellite indicates cosmic rays and particles of meteors will not be a hazard to space travelers.

At the same time, Army experts were reported seeking permission to launch a 300-pound "seeing-eye" television satellite and another one weighing 700 pounds that could be the forerunner of a permanent space station revolving around the globe.

Long Life Predicted

Dr. William H. Pickering, director of JPL, said the speed of Explorer cruising through space at 18,000 miles an hour in an orbit ranging from 230 to 1,600 miles away from earth could keep it aloft "perhaps 12 years." However, its two radio transmitters are expected to go silent in about two months.

Other scientists gave estimates ranging from 6 to 10 years of life for Explorer, Russia's Sputnik I stayed up three months. Sputnik II passed the three-month mark Monday.

Defense Department sources said neither Army proposal for 300 and 700 pound satellites had been approved. The Air Force already has contracted with Lockheed Aircraft for construction of a TV reconnaissance satellite.

Carry Equipment

The 700 pound Army satellite would carry an array of electronic equipment to provide the data scientists would require in building a space station. Space experts have generally agreed that manned flights to the moon and planets should be launched not from earth—but from a space station or platform outside the earth's atmosphere.

Lt. Gen. Donald L. Putt, deputy chief of staff for development, said the -15 rocket plane will be "much more a space craft than an aircraft." He said that once the X-15 is a proven success, putting a man in an orbiting space vehicle would be a "relatively easy follow-on."

Levittown Conference Set In Hills

William Penn Junior High School in Fairless Hills will be the site of the all day Levittown leaders conference to be conducted by the Albert M. Greenfield Center for Human Relations Saturday, Feb. 15.

A motion picture "Crisis in Levittown," will be shown in the morning session followed by a discussion of questions raised by the film.

Keynote Address

A keynote address will be delivered by Dr. G. Paul Musselman, national secretary for urban-industrial work of the Episcopal Church. He is a former Detroit labor arbitrator and Highland Park, Michigan, police commissioner.

Panelists and discussion leaders have been selected from many religious, political and civic leaders of the Levittown area.

The conference will open at 9:45 a.m. and last until 4 p.m.

Chairman will be Dr. Martin P. Chworowsky, director of the Greenfield Center. The center is sponsored by the University of Pennsylvania.

Panelists will be the Rev. Ray L. Harwick, pastor of the Evangelical and Reformed Church of the Reformation; Rabbi William Fierwerker, Levittown Jewish Center; George Schermer, Philadelphia commission on human relations; and Irving Goldhaber, New York City commission on inter group relations.

Several Lower Bucks leaders will conduct a discussion on the subject "Where do we go from here?"

The discussion leaders will be Dr. Gloria C. Cammarota, assistant Bucks County superintendent; William J. Carlin, Bristol Township solicitor; Mrs. Sylvia Cooper, president of the Bristol Township League of Women Voters; Lela Durand, director of the family service association; the Rev. Warren J. Henseler, pastor of the Faith Reformed Church.

Also Miss Dorothy McDowell, director of the Bucks County YWCA; Samuel Prellwitz, chairman of the Friends Service Association; Leonard B. Sokolove, vice president of the Bristol Township commissioners; Rev. Daniel Stevick, president of the Lower Bucks County Council of Churches and Rabbi Herbert Wilner, Temple Shalom, Levittown.

Also participating will be 10 resource persons representing college and universities, religious groups, and fellowship groups.

The lunch hour will feature folk singing by Joe Glazer, a member of the United Rubber Workers of America.

Space Agency

(Continued from Page One)

tific adviser, Dr. James R. Killian.

The issue has become one of growing importance on Capitol Hill where Congress has yet to make up its mind whether to make space developments a Defense Department or a civilian responsibility.

Some congressmen want to limit the Defense Department's space role strictly to weapons and to put remaining scientific, peaceful space developments in the hands of a separate civilian agency.

Some Senate Democrats meanwhile made it clear they will try to force the administration to step up its missile-firing submarine and H-bomber programs.

Newtown Churches To Plan World Day

A meeting of representatives from each church in the Newtown Area Council of Churches and Meetings will be held Thursday at 2 p.m. at the home of Mrs. B. Willis Starr, Washington Ave., and Chancellor St., Newtown, to discuss the annual World Day of Prayer Service.

The service on Feb. 21 will this year be held at St. Luke's Episcopal Church, Newtown, at 2:30 p.m.

Middletown School Board To Borrow \$100,000

The Middletown Township School Board last night voted to borrow up to \$100,000 to carry on business in February. The action came at a special meeting of the board at Neshaminy High School.

Last month the board borrowed \$80,000 to pay its bills.

Both loans will be repaid when the board receives \$322,000 it anticipates as reimbursement from state agencies.

William H. Rakita, board president, said the state money should come in about the middle of March.

In other business last night Dr. Oliver S. Heckman, regional superintendent of Neshaminy schools reported a minimum of 24 more junior and senior high school class rooms and 10 more elementary rooms would be needed by next fall.

He said some of the classrooms in the new junior school to be built in Levittown would have to be ready by then to provide enough space.

Meeting Is Called For Cancer Crusade

A meeting of Cancer Crusade Workers will be held tomorrow at Goodnoe's Dairy Bar, Route 413, in Newtown at 8:15 p.m. All interested workers for the 1958 Cancer Crusade are asked to attend.

Ward Clark, Doylestown attorney and chairman of crusade will preside.

Crystal Link Honors Master Masons

Going In Circles

By MAURY ALLEN

are gathering data on flying saucers. The unidentified flying objects are being studied by the youngsters in connection with the International Geophysical Year.

All reports of flying objects can be forwarded to the International Geophysical Class at the school.

Maybe the youngsters will discover the key to break the mystery.

The young scientists, led by their teacher, Mrs. Ruth Frank,

Lydia Dean

(Continued from Page One)

of the jury to accept the interpretation that indicates the innocence of the defendant.

Dist. Atty Robert T. Grannis told the jury the slaying of Sgt. Ronald Dean, 29, was first degree murder, but did not ask for the death penalty. Co-defense counsel Gerald McGill and Estanislao Fernandez asked for acquittal.

McGill challenged the state's case in the Dec. 7 shooting as one marked by "circumstantial evidence." He said Mrs. Dean had only "one thought" when she picked up the 19th Century buffalo rifle which claimed her husband's life.

"She wanted to tell him to shoot her," he said. "She felt she might as well be dead than lose her husband." Dean had demanded a divorce to marry a British girl.

McGill characterized the tiny defendant as "humble, meek and pleading."

Seeks Acquittal

Fernandez, who travelled more than 10,000 miles from Manila as a representative of the Philippine Lawyers League, said:

A CENTURY OF HUNTING

LONDON (UP)—Moscow Radio reported today that Abdul Namedov, a 119-year-old inhabitant of Makhachkala, has devoted 100 years of his life to hunting and still is at it. Namedov enjoys exceptionally good health and never has needed a doctor, the broadcast said.

New Hope Job Sounds Death Toll

(Continued from Page One)

encouraging fast driving; a menace to peace and quiet for the same reason, and a loss of business in New Hope while the street is torn up for repaving.

Myers said the protest movement was organized by the New Hope businessmen. At the chairman's table with him were Robert Halter, who operates a restaurant on S. Main St., and Albert DuBree, a Main St. groceryman.

"All we asked the state for," Myers said, "was an end to the death trap (at Windy Bush Road) and improved drainage." He said, reading the petition, "We estimate \$500,000 or less will do what we requested."

The petition says the state project would not relieve the traffic tie-up, but would further the congestion by narrowing the two-lane street by three feet at its busiest section, by the Route 202 intersection.

Destruction

The \$2,000,000 project, he read, would bring "destruction of the beauty and arts and cultured values... the old brick walls, slate slabs and gravel paths that keep us out of the ordinary... The yards (or houses) are our heritage and should remain."

Noting that the road project is designed to facilitate traffic to the town and ease the parking problem, the petition states that "very few come to New Hope for either convenience or economy. They come because of the natural beauty of our shops and what they have to offer."

Closing off and tearing up Main St. for the work, Myers read, would bring a "death load" to the businesses, still reeling from the loss they took in the 1955 flood.

The petition says that closing the canal to a culvert would bring pollution of its waters.

Slow Traffic

"In a tourist town," the petition says, "every effort is spent to slow the traffic down so we can fully appreciate what the town has to offer."

A member of the Borough Council, James Skillman, after the meeting told a reporter he is in favor of the state plan.

"I think it would be a good thing," he said. "South Main St. is now a bottleneck. But the work should be started next November, so as not to harm the tourist business."

The Playhouse official addressed the meeting to ask that his views be presented to the state highway official Thursday.

"We cannot afford to gamble any further loss," Crowley said. "The Playhouse suffered in the flood."

"If this goes through we will have no alternative," he told the group. "But to close up shop, pick up our marbles, and go away."

Questioned after the meeting, Crowley said the state decision to go ahead would not bring an automatic closing of the Playhouse. He said if the work seriously affects theater attendance the directors will have to decide whether to move.

Births

Feb. 2

Mr. and Mrs. John Kelley, 177 Pinewood Drive, Levittown, girl.

Mr. and Mrs. Nicholas Grudza, 1003 Station Ave., Langhorne, boy.

Lower Makefield Sewer Survey At Standstill

Morrisville High Seniors "Star Struck"

These Morrisville High School seniors take time out from a rehearsal for a play "Star Struck" which they will present Feb. 19 at the high school auditorium. The sophomore and junior classes also will present plays on the same program. Seated

(left to right) are Ethel Tootell, Patricia Charnick and Jo Cappiello. Standing, same order, Virginia Beal, Marilyn Burke, Patricia Salt, Mary Ann Hornyak and Diane Hunt. Jennie Miller is also a member of the cast. (Courier-Times Photo).

Group Hits Road Sign "Confusion"

Robert H. Saviers, president of the Fairfield Terrace Civic Association, Lower Makefield Township, today hit the "confusion" which exists at the junction of the Route 13 extension and Yardley Road, caused by road signs.

He said the association has been taking photographs of the junction and will submit them to the Board of Supervisors to urge them to help contact the State Highway Department to alleviate the problem.

"We found that motorists are turning off the Yardley Road," Saviers said, "since one sign says Yardley two miles and points to the right, to West Acres, Strangers are turning in towards West Acres. At the same junction, a sign points to the right and the road bears to the left. We want to eliminate this confusion."

Saviers said the photographs will be submitted to the supervisors "in about two weeks."

Other officers of the association include: Edward Frangese, vice-president; Mrs. Robert Malhot, secretary; and Paul Demskie, treasurer. The next regular session will be held April 21.

Elects President

Donald Hand has been elected president of the Yardley Rod and Gun Club.

Other officers recently named were Spencer Parks, vice-president, Abner Dansbury, treasurer, Paul Rupprecht, secretary.

The club meets the third Thursday of each month at the American Legion Home, South Main St., Yardley.

Graduates

Ensign Robert H. Metz, son of Mr. and Mrs. Charles Metz, Jr., of 317 Barclay Ave., Morrisville, recently graduated from the Navy Officer Candidate School at Newport, R. I. Metz is a graduate of Pennsylvania High School and Rutgers University.

Rev. Warren To Speak At Auxiliary Session

The Evening Branch of the Woman's Auxiliary of the Episcopal Church of the Incarnation, Morrisville, will meet tomorrow at 8:30 p.m. at the parish house.

Rev. William T. Warren, Jr., rector, will be the speaker. Mrs. Theodore Ziaylek, president, will conduct the business meeting. Refreshments will be served by Mrs. Albert Piece and committee.

Yardley Business Men To Meet Tonight

The executive board of the Yardley Business Men's Association will meet tonight at 7:30 o'clock at the home of William Mackensen, Reading Ave.

John Batt, president, urges all board members to attend.

Borough To Increase Its Garbage Service

A plan to give better garbage-collecting service in Morrisville, or the experimental level for the past two weeks, will be put into effect immediately, Borough Secretary Robert H. Steward said today.

He said that two trucks instead of one will be pressed into service each Monday and Tuesday which will cost a little more and give better service.

Place Early

Steward urged all residents who have garbage collected on Monday and Tuesday to place their receptacles on the curb no later than 8 a.m. each collection day in the area from the north-most borough line to Palmer St., comprising the third ward, which is serviced on Mondays; and the area from Palmer St. to Bridge St., which is serviced on Tuesdays and comprises the borough's first ward.

"We have had complaints from residents about garbage setting out on the curbs too long," Steward declared, "and after trying the new system for the past two weeks have decided to use two trucks on Mondays and Tuesdays. Because of the heavy collections on those two days in the past, our collectors have at times been unable to finish their collections and have had to return to a certain section the next day."

Caused Complaints

He said, "This caused complaints from residents who sometimes did not have their garbage collected until 24 hours after it was placed on the curb for collection."

He said the spare closed-type garbage truck will be pressed into service immediately.

Service in other sections of the borough will continue as usual, Steward declared.

Optimist Club Discussion To Feature Advertising

A panel discussion on the theme "Thoughts on Today's Advertising" will feature a regular dinner meeting of the Optimist Club of Yardley-Makefield tomorrow at 7:30 p.m. at the Washington Crossing Inn.

Arthur Danner, club secretary, will serve as moderator of the panel and will introduce a four-member panel from the Society of Advertising and Graphic Arts.

Panelists Include

Panelists will include Thomas Vroman, president of the graphic

arts society and International award-winning free-lance artist and designer; John Weaver, well-known illustrator and artist and secretary of the society; John Matthews, society treasurer; and Sig Boris, prominent advertising designer with studios in Philadelphia.

The Optimists have invited members of the society to attend the dinner, Wilmot Johnson, Optimist public relations director, announced.

Paul Connell, president, will conduct a brief business session.

Senior Girls Visit Byberry

Senior class girls at Morrisville High School toured the Philadelphia State Hospital at Byberry yesterday as part of a program they have been studying on mental health. Miss Anne Parsons, teacher of the class, was chaperone.

The class has been studying some of the causes of mental illness and the necessary care and help needed by people suffering from the illness.

Mrs. Marie Ganister, director of social service at the hospital, visited Morrisville last week and spoke to the class on various phases of mental health. She also arranged yesterday's visit.

The following girls took part in the field trip: Carol Adams, Linda Alexander, Judy Bailey, Marilyn Burke, Josephine Cappiello, Sue Cote, Mary Garcia, Gail Hadley, Kathy Hludzinski, Diane Hunt, Dorothy Masciarelli, Diane Mason, Judi McGarity, Jennie Miller, Deanna Mogle, Barbara Petrick, Patricia Salt, Donna Slack, Sallie Smith, Barbara Solan, Judy Solt, Alice Taylor, Yvonne Titus, Ethel Tootell, Diane Wible, Nancy Woolley, Carol Aiello, Helen McIntyre, Betty Knox and Brenda Richie.

"Practically Impossible" To Get Loan

By JACK SCULLIN
Courier-Times Staff Writer

Claude Johnson, chairman of the Lower Makefield Township Board of Supervisors, said last night it was "Practically impossible" to get a loan for a sewer survey unless the township planned to go ahead with installation of sewers in the foreseeable future.

He said he had contacted Federal authorities in Philadelphia and "they have not been advancing any money to determine necessity surveys."

He pointed out that if it was indicated that sewers were required within five years, they would entertain a request for a loan. Otherwise, they would not.

Two Approaches

Johnson said there were two approaches to the problem. He said the supervisors could take advantage of an offer of \$2,000 from the school board to have "our own survey" or can indicate that sewers will be required within five years.

Peter Campbell Jr., a supervisor, said he "cannot go along on the theory that we'll have sewers in five years. I'm not keen on the township putting out money at this time."

Would Go Ahead

Johnson said he thought the supervisors should go ahead with a survey.

"I feel an engineering survey is the only answer we can obtain as to whether we're going to have to spend money," he said. "We're going to live in ignorance if we don't find out. I think a professional survey is needed."

The third supervisor, Russell Carter, said he would like time to discuss it and any action on the proposed survey was held up for further study. The supervisors had approved attempting to get a \$4,200 loan for a necessity survey at a recent meeting.

Big Oak Road

Carter said he had met with a representative of the Lower Makefield Board of Education and it was agreed to black top a strip on the north side of Big Oak Road for a walking area. No decision was reached as yet, he said, on a walk on Makefield Road.

Cost of a storm sewer in front of Pennsylvania High School would be about \$10,500, it was reported, and the school board had previously said it would advance \$4,000 for the job. A meeting between the board and supervisors will be sought.

A letter from the Bucks County Planning Commission said that completed drawings are available for the new Route 1. The Township Committee will meet at 8 p.m. Thursday at the Falls Township Municipal Building to go over the plans.

William H. Struwe, new township manager, was sworn in last night by Justice of the Peace Kenneth H. Wertz. The board also appointed William Spencer Erwin as township engineer, to serve on a fee basis.

Tenth Grade Classes To See New Musical

Tenth grade English classes at Morrisville High School will take their annual matinee trip to Philadelphia on Feb. 12 to see a performance of the new musical "Portofino."

Mrs. Sara Hughes and Richard Lee are faculty advisors for the class and are making arrangements for the trip.

In the morning the group will visit Station WCAU-TV and after a tour of the building will see a broadcast of "Cinderella Week-End."

Technical School Head To Address Men's Club

George Shaffer, principal of the new Bucks County Technical School, will be the principal speaker at the monthly dinner meeting of the Men's Club of the Morrisville Methodist Church tonight.

The affair will be held at George K. Ryan Hall at 6:30 p.m. James Ley, president, will conduct the business session.

Morrisville Students Set Senior Prom

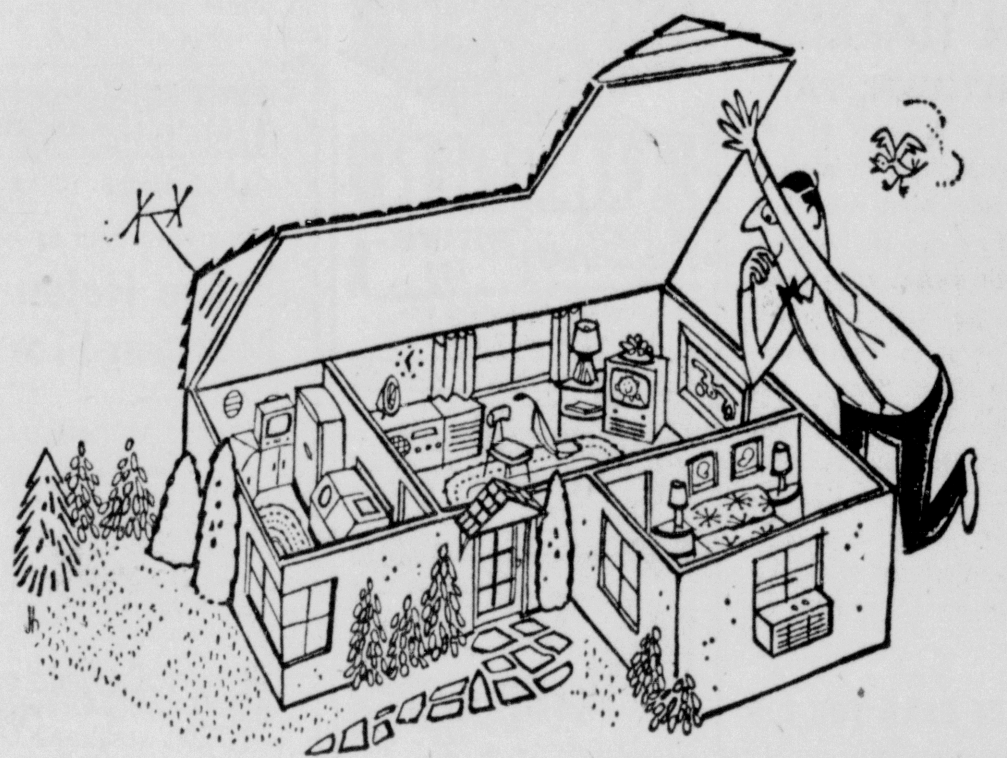

The annual Morrisville High School senior class prom will be held March 7 in the high school gymnasium, William Roberts, class president, has announced.

Judy Bailey is general chairman, assisted by these committee chairmen: Decorating, Nancy Woolley; refreshments, Donna Slack; invitations, tickets and chaperones, Francis Bentz; orchestra, Carol Adams; and furniture, Roberts.

Theme of the prom will be "Japanese Sayonara."

One of the prom chaperones will be John Holpp, a teacher in Princeton Township Schools. Holpp formerly taught in Morrisville and had many of the present seniors as pupils when they were in the sixth grade.

Mrs. Helen Brunner is faculty advisor to the class and is supervising all arrangements.

Looking For Home Protection AT LOWER COST?

With Homeowners Policies, Reliance Insurance Company presents a new trend in home insurance. It wraps up many "must" coverages in one simplified homeowners insurance package, costing much less than the same coverages bought separately.

Now Reliance cuts its Homeowners premiums even lower!

LOOK WHAT YOU GET:

1. Protection for your home against loss by fire, lightning, windstorm, hail, smoke and many other perils!
2. The same broad protection for your personal property.
3. Your personal property protected (at home or away)—against theft!
4. Personal liability protection, including medical payments and legal costs!
5. Extra living expenses—in case any of the perils force you, temporarily, to live away from home!

You just can't get more convenient, commonsense protection for your home and your possessions. Cost is now even lower and remember—the Homeowners is from RELIANCE, a symbol of American insurance integrity since 1817.

Get the details from your agent! And Be Sure You Ask Him About The New Reliance Monthly Installment Plan With The Small Down Payment!
